

2022

ANNUAL REPORT

PARTNERING TOGETHER FOR WORLD IMPACT

CORE VALUES

PARTNERSHIP

We pursue partnerships and collaboration with others of like-vision.

LEADERSHIP

We strive to help leaders achieve their full potential and life purpose.

INTEGRITY

We will properly take care of all the details. We are comprehensive, trustworthy, and reliable so that you can have peace of mind.

EXCELLENCE

We pursue excellence in our service and all we do, providing overwhelming value.

IMPACT

We want all of our projects, initiatives, and activities to have maximum positive impact for their intended purposes.

INNOVATION

We will help you find a way. We specialize in developing fresh, new ideas and creative solutions for both simple and complex problems.

OUR MISSION

To develop and support creative charitable enterprises that impact the world.

OUR VISION

To impact every sphere of society, in every nation, by having hundreds of projects, meeting the needs of thousands of people, raising millions of dollars to bring priceless value to the world.

FROM OUR EXECUTIVE DIRECTOR

V. William Moritz, JD
EXECUTIVE DIRECTOR

"Charitably, the New Horizons Foundation has become a meeting ground where partnerships and collaborations occur to address significant problems, the needs of local communities, and the world."

The New Horizons Foundation is a place where passion, opportunity, resources, and service join with encouragement and knowledge to accomplish great things. This kaleidoscope of investment, collaboration, and impact come together to serve our donors, project managers, and partners to the highest level possible. Some charities and individuals come to the Foundation with passion for a particular tragedy, problem, community, or people- group. Others will come with opportunities because of their personal connections or networks in sensitive areas. Still, more will come with resources that they can give

to help charities nationally and globally be responsive to the challenges and opportunities that are presented. The New Horizons Foundation is a place where individuals, families, and other foundations can receive technical assistance on how to structure giving, design projects, raise funds, ensure accountability, and provide logistics so that money and manpower are wisely utilized.

A handwritten signature in blue ink, reading "V. William Moritz, JD". The signature is stylized and fluid.

GLOBAL IMPACT

Our global partners work tirelessly in their communities to help those who are most in-need. They have built schools, churches, clinics, and other facilities that provide a safe place for their neighbors to receive medical care or education. Through these efforts they are able to make an impact on their community which will lead them down the path of success. Our projects are focused on empowering people by providing them with the tools and resources needed for them to succeed, including providing education and training that leads to employment opportunities, helping individuals and families access food, water and shelter, and raising up new leaders in the darkest of places.

Partnering Together

"We are combating human trafficking networks by partnering with law enforcement, government agencies, investigators, survivors, and volunteers throughout the world. We have rescued hundreds with a vision to rescue thousands. This initiative would not be possible without our partnership with The New Horizons Foundation.

- Than Baardson

Project Lightning Strike

Humphreys Donor Advised Fund

"After our family had a private foundation for several decades, we found it advantageous to roll the assets into a Donor Advised Fund at New Horizons, which opened up a whole world of possibilities for our family – without the overhead and headaches. Now, in addition to that project, the children and grandchildren have also established projects. The New Horizons Foundation has been a great vehicle for our family's charitable giving."

- Kirk Humphreys

IMPACT:

The Foundation relies on our generous Donor Advised Funds to help us in our mission of helping people reach their full potential through education, health and wellness, and civic engagement. Donations made through the Foundation provide critical funding to our projects and their goals. Their generosity allows a variety of projects, individuals, and organizations to flourish. We would like to thank our donor advised funds for their trust, investment, and generosity to all.

ONE DONOR ADVISED FUND AT A TIME

For the past 60 years Mr. and Mrs. John Bandimere Jr. have used their facility, the Bandimere Speedway, to bring light and positive impact to both their local and national community. By building and valuing partnerships with the Bandimere's, the speedway has superseded a simple track and is now a place where God is present, felt, and seen. For the past 23 years, Bandimere Speedway has conducted and supported reading programs in local elementary schools and offering fundraising opportunities for a range of groups and organizations. Bandimere Speedway has truly exemplified partnering with the community to show God's love.

“Building and valuing partnerships with their local and national community, the speedway has superseded a simple track and is now a place where God is present, felt and seen.”

A WORD FROM THE PRESIDENT/CEO

In a world that is exponentially increasing the pressure and push for individualism, partnership can seem like an archaic term and an old-fashioned value. In fact, the word partnership is like an old baseball at the park; it may get thrown around a lot, but no one ever really wants to take it home.

At The New Horizons Foundation, our heart for partnerships is not a concept to throw around, it is a value we live every day. From our Operations team collaborating with project managers to find creative solutions to common problems to our Finance team working seamlessly with different financial partners and systems, we buzz with the excitement of being a part of your team every day. That is why we put it in our tagline, because partnering with you for world impact is the bedrock of our Foundation. Collaboration doesn't end at a picture-perfect promise of good intentions. For us, it means building accountability structures and serving with transparency, clear expectations for clearer results, and knowing that what can be achieved is better achieved together.

We understand that the vision is greater than the sum of its parts; it is a demonstration of the synergy and proactiveness of dedicated individuals who can see beyond the struggle of now and gaze expectantly at the possibilities of the future. We want to take a moment to highlight a few of our partners who exemplify the vision, trust, and dedication that are vital in any successful partnership.

In the spirit of partnership, we invite you to consider joining us to bring further impact to the world!

Dr. Steven Prensner
PRESIDENT / CEO

“At The New Horizons Foundation, our heart of partnership is not a concept to throw around, it is a value we live every day.”

A handwritten signature in black ink that reads "Steven Prensner". The script is fluid and cursive, with a long, sweeping underline.

LOOKING FORWARD

Continuing in the spirit of partnership, we are excited for the upcoming move to our new building! This is a significant step in the growth of The New Horizons Foundation, both locally and nationwide. With this new facility, we will have the space to house all aspects of our ministry in-house. Our staff will be able to work together under one roof with like-minded partners, enhancing our ability to serve people in need.

The new global center will exemplify our partnership mindset. It stands as a testament to the faithfulness, integrity, provision, generosity, and vision that we value as an organization. We will be leaders in our community and continue to partner with others to bring impact to our neighbors, our city, our country, and the world.

WAYS TO GIVE

The New Horizons Foundation offers donors a wide variety of ways to give meaningful gifts to benefit the charitable purposes they wish to support.
